Emergency Posting – Lab Demonstrator Position

Qualifications required:
- Experience with performing liver microsomes preparation and metabolism assays as well as genotyping
- Applicants with pharmacology undergraduate or graduate training preferred

Duties for lab demonstrators may include:
- General lab supervision
- Preparation and delivery of a brief talk on the theory and practice of each experiment
- Preparation of experimental animals and equipment ahead of the scheduled class hours
- Strong understanding of statistical data analysis preferred

Duties of these positions shall be performed at the campus on which the position is located. Where the duties are intended to be performed at another location, such other location will be specified in the posting.

Rate of pay:
- Undergraduates -- $46.24 per hour (winter 2020)
- SGS I (Graduate students who have not completed at least two years of full-time study or who do not have a Master’s degree in the discipline) -- $46.24 per hour (winter 2020)
- SGS II & PDF (Graduate students who have completed at least two years of full-time study or who have a Master’s degree in the discipline) -- $46.24 per hour (winter 2020)

Please note that should rates stipulated in the collective agreement vary from rates stated in this posting, the rates stated in the collective agreement shall prevail.
